

Florida Public Service Association, Inc.

Dr. William E. Marshall Professionalism Award Ballot

Criteria for Professionalism Award: The Florida Public Service Association's working definition of professionalism:

Professionalism is the pursuit of practice of the highest ideals and tenants of the public service profession. It embraces far more than simply complying with the minimal standards of professional conduct. The essential ingredients of professionalism are character, competence, and commitment.

Teachers: Please complete this ballot as your official recommendation for the Dr. William E. Marshall Professionalism Award. Only one entry per school will be accepted. Students will discuss this at a team meeting prior to close of business on the evening before the awards ceremony. Each chapter will nominate one chapter that displayed the best professionalism, spirit, and ethical conduct during the state competition. Please refer to the definition and quotes about professionalism.

Chapters cannot nominate themselves.
