Student Board Development Conference Was a Success!

This year's Student Board Development Conference was held in Orlando Florida at the Avanti Palms Resort and Conference Center. More than 100 students and 25 advisors met to review competition changes and the students learned about their leadership role at their chapter. This year lunch was provided by the Conference Center and the hot dogs and hamburgers were delicious. Make sure you ask your chapter officers about the changes in the competitions.

Student Board Receives New Uniforms

The FPSA Student Board of Directors is now uniform. This year's board is wearing the official FPSA uniform. The FPSA patch is worn on the left sleeve with the American Flag on the right. The collar brass is F.P.S.A. and they wear their name tags over their right pocket. The only thing missing is the FPSA badge. The badges are on order and you will see them soon.

Regional Competitions Are Coming Soon

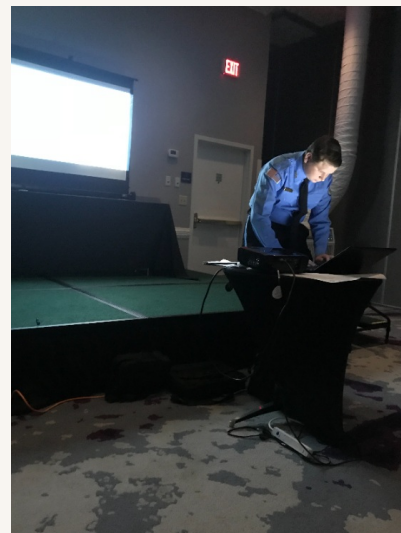

Message From Your President

On behalf of the FPSA Student State Board, I'd like to welcome you to the beginning of a great year!

Our board has been working tirelessly to brainstorm new ideas and ways to make the 2019 State Leadership Conference better than all the rest. There's a lot of changes to look forward to this year, including the new subdivision of Teaching Assistant, workshops ranging from Personal Finance to Seven Habits of Highly Effective Teens, and the opening of the pool for use by all members of FPSA.

All these improvements to the State Leadership Conference, and more, were discussed at the Student Board Development Conference on September 24, 2018.

Sincerely,
William Garcia
FPSA State President

950-23 Blanding Blvd. Num 111
Orange Park, FL 32065
